# MODEL TC400A/28QUM

**HIGH POWERED, CONTINUOUS AND MULTI START BATTERY UNIT**

*No Fuel, No Pollution, and No Noise*

The TC400/28 range is designed to give silent, clean power. These 28V DC power supplies can offer both continuous power for a set time, and start power. With a built in 'flashing' light, the units will tell you when it is time to charge them. They also come with a built in voltmeter and an external charger that allows you to leave them on charge when not in use, ensuring they are always ready for operation. The TC400/28 range is designed specifically for when mains power is not readily available. They are maintenance free, with no moving parts, which make these units and extremely cost effective, environmentally friendly option.

OPTIONAL EXTRAS
Cable Horns
Longer Output Cables
Trailer

	TC400A/28QUM
Max Amps	14,000A (Nom. short circuit current) 20,800A (Max. short circuit current)
Capacity	544 Amp Hrs
Run Time	380A for 1 hour, 220A for 2 hours, 156A for 3 hours etc
Max Voltage	30.3V DC
Size (mm)	(L) 2000 x (W) 1080 x (H) 1500
Weight kg	600
Operating Temp.	-40°C - +60°C
Case	Stainless steel marine coated
Voltage indication	Digital to IP65
Auxiliary Protection	Circuit breaker 40A
Output Cable	8m heavy duty cable with aircraft connector
Charger	50A Electronic 110/230V. Charging time less than 4 hours from 50% (larger chargers available)

**Specification may change without notice**

- Marine coated stainless steel case.
- All components conformal coated.
- Totally weather protected.
- Air transportable, 'Non Hazardous'
- Maintenance free.
- Tough and compact.
- No memory effect.
- High charge retention.
- Long shelf life.
- Fast recharge.
- External charger for prolonged unit life.
- No cycling.
- Leak proof.
- Cells replaceable on condition.
- Multiple, heavy duty engine starting.
