MODEL TC400A-28C

High capacity, multiple start power unit for aircraft combat vehicles - No fuel, no pollution and no noise

This unit is a high powered battery unit that can be used to produce continuous power. It can provide up to 110 amps for an hour, 55 amps for 2 hours, 27 amps for 3 hours etc. There is a light built into the unit that will flash when the unit needs to be charged. As long as the unit is not discharged too far it can also be used to start the aircraft. A voltmeter on the side of the unit will tell you what level the unit is at.

- Totally weather protected
- Air transportable, 'non-hazardous'
- Maintenance free
- Tough and compact
- No memory effect
- High charge retention
- Long shelf life
- Fast recharge
- External charger for prolonged unit life
- No cycling
- Leak proof
- Cells replaceable on condition
- Multiple heavy duty engines starting of turbo prop, turbine, aircraft and helicopters
- Portable start power at remote locations

ACCESSORIES

Handle and casters

Towbar

Longer cable available

OPTIONAL EXTRAS

Towbar

Handlebar and casters

Various output cable lengths

Various connectors

TC400A-28C SPECIFICATION

Maximum	3500A (nom. short circuit current) 5200A (max. short circuit current)
Capacity multiple start	136 amp hrs
Max voltage	30.3VDC
Size (cm)	L 78 x W 35 x H 30
Weight kg	140 - 165
Operating temp	-40°C to +60°C
Case	Zinc coated steel
Voltage indication	Digital to IP65
Auxiliary protection	Circuit breaker 40A
Output cable	3m heavy duty cable with aircraft connector
Charger	20 amp electronic 110/230V Charging time less than 2 hours from 50%
